“More Ways To Increase
your ATA Experience”

The Amateur Trapshooting Association serves as the faithful protector of the sport of Trapshooting.

Along with governing the sport's rules and regulations, The ATA seeks ways to further enhance the sport, increase participation and enhance the shooting experience.

The ATA now offers a number of different programs that make it easier to shoot registered targets and allows you, a registered shooter, to shoot alongside a non-registered shooter.

The information provided here for The Big 50 and Registered League Programs are also explained at www.shootata.com.
